

**2009 Building4jobs
Opportunities**

Building4jobs.com

Building4jobs.com is Building's official recruitment website. Advertising on building4jobs.com offers you exposure to more than 25,000* job-seeking construction professionals. Building's recruitment website was re-launched in March 2008 with a host of new features to encourage repeat visits and help you to find the right candidates and help them find you.

Job seekers can:

- **Register** for up to 5 job alerts in a matter of seconds so they'll always know when vacancies are available.
- **Apply** for jobs online or view your contact details and make contact with you directly.
- **Search** for your company with ease in our 'Recruiter A-Z' zone.
- **Add** a profile and CV so that you can search for and find the professionals you need.

Plus:

- An intuitive one-click system allows search results to be filtered quickly and easily making it simple for job seekers to find you.
- Candidates can manage their applications, job shortlist and email alerts in their own personal profile area.

Options

Search engine marketing and optimisation play an integral role in our online marketing strategy. Thousands of pounds are spent every month on the keywords that count, ensuring your jobs can be found every day.

You can choose from a range of online banners as well as featured listings, newsletter sponsorship and video profiling. See our rate card for more details.
